Ordering Replacement Parts

- Replacement Parts orders are accepted at HONDA Overseas Subsidiary or HONDA Authorized Dealer at your locality.
- Order each replacement part by the part number and its model serial number.
Whenever any modification or addition to the replacement parts are made, a revised edition which has a progressively advanced edition number at left bottom of the front cover page will be issued. It is recommended that you purchase the newest edition to always receive correct parts.

Make-up and Use of Parts List

- This Parts List contains all the replacement parts for Models CB400F, CB400F1 and CB400F2.
- In order to simplify location of a desired part, all component parts are divided into two groups; engine parts and frame parts and illustrate in two whole illustrations respectively.
- All part numbers, engine part or frame part numbers, are listed up in numerical order.
- When it is desired to check the appearance of a given part from its part number, the group number of the part in the text page may be cross-referred to the corresponding group number in the illustration chart.
- The part number described under the part description supersedes the part number ahead.
- Reqd. No. (Abbrev. of Required Number) indicates the quantity of the part which can be used within the corresponding group.
- All dimensions are shown in millimeters except steel balls and wheel related parts.

The serial numbers are stamped on the following locations.

Applicable Carburetor Identification Number

Component parts of the carburetor are controlled by the carburetor identification number.

Make-up of the identification number is as follows.

(Example)

0 5 4 A A KC 7

Only this portion of the identification number is used for control purpose.

The number is stamped on the following location.

This Part List is compiled as of June 1, 1977.

October 30, 1974.
